# WELCOME.

## *Sunnydale Green Solutions*

**Sunnydale Green Solutions is a Queensland family owned and run business with over 30 years experience in the horticulture industry.**

Our team are trained professionals in plants, plant hire and customer service. This ensures we deliver a consistent, quality experience to all our clients. We are all easily identified by our neat and tidy company uniform and general attire. Our range of plants includes ferns, canes, tri colour marginatas, ficus and happy plants through to grass bowls. A variety of pot sizes, colours and designs are selected to compliment our plants. Based in Redlands, South East Queensland, we service the Brisbane CBD, surrounding suburbs and anywhere between the Sunshine Coast and the Gold Coast.

### **Specialising in Permanent Hire, Casual & Events Hire and Custom Installations**

#### **Our Mission**

To enrich and transform our clients' environment, health and well being with plants through the principles of biophilic design and inclusion of nature indoors, including green terraces, living walls, moss walls, and plantscaping.

To provide unsurpassed products and services at competitive pricing which consistently exceeds the expectations of our clients.

To foster an enjoyable, positive, and dynamic work culture for all of our team members so they reach and exceed their goals in a fulfilling experience.

# INDOOR PLANTS

Indoor Plants in the workplace have been proven to help increase productivity, improve mental health and help remove harmful toxins from the air. They are also a great way to break up large open spaces and create smaller workspaces.

# INDOOR PLANTS

Based in the Redlands, South East Queensland, Sunnydale has over 3 acres of undercover nursery area and 2 acres of full sun area. This means we are able to hold a large range of indoor and outdoor greenery to suit all your plant hire needs.

*Brighten up any corner of the office or communal area with gorgeous indoor plants. Not only do they look amazing but they help create a warm welcoming atmosphere.*

## WHAT SERVICES TO WE PROVIDE?

Our indoor plant hire for offices and executive buildings is the easiest way to create a gorgeous ambience throughout your building without the hassle of trying to keep plants alive!

Our team work with you to create an interior design that you are happy with. We fit and install all the plants and pots with no inconvenience to your workday.

## BENEFITS INCLUDE;

- Ongoing maintenance and watering of plants
- Your own dedicated plant technician
- Change over of any ill plants at not extra cost
- Maintenance over holiday periods
- Custom design to suit existing interior

## SET & FORGET

Our indoor plant hire service is so easy you will literally set and forget, we do all the work! Simply chat to your dedicated team planner about the vision for your office and they will do all the leg work, bringing your vision alive! All you need to do is sit back and enjoy all the benefits indoor plants have to offer!
